The Indiana State Police Department will provide police escorts, as required by the Indiana Department of Transportation (INDOT) permit division, for SuperLoad movements through Indiana, under the following conditions:

1. Requests for escorts **shall be submitted at least three working days**, prior to the date for which the proposed escort is projected to take place. **For the purpose of scheduling, the three working day period will begin once all of the aforementioned documents are received by the Indiana State Police.** Requests will not be considered received without this signed agreement, the SuperLoad Movement Timetable; a copy of the INDOT issued permit, and the designated slowdowns sheet.
2. The company agrees to reimburse the Indiana State Police for the wages of each officer assigned to the detail at the rate of \$22.00 per hour. The Indiana State Police will be the sole authority as to the number of officers' assigned to an escort detail. That decision will be based on the type of load, route assigned and the number of vehicles to be escorted.
3. The company agrees to reimburse the Indiana State Police at the rate of \$0.36 per mile for the use of each assigned officers' commission (mileage is computed round trip from the officers' home).
4. The company agrees to reimburse for one hour of administrative time for the scheduling of the escort. The rate of reimbursement shall be at the regular hourly rate of the officer scheduling the escort.
5. It is further provided and agreed, that the company will hold the Indiana State Police, it's employee(s) and the State of Indiana, harmless from any and all claims, demands, suits, liabilities and causes of action, of whatever kind and designation, and wherever located in the State of Indiana, resulting from gross negligence or omissions by your company and/or employee(s).
6. **The company shall ensure that the driver has a copy of current CVSA inspection, CDL, and medical card or long form. Upon entering the State of Indiana, all SuperLoad vehicles may be inspected for compliance with all INDOT permits and Indiana State Police requirements. When possible, such an inspection will be completed outside of the permitted travel time outlined in the INDOT Special Provisions for SuperLoads. Failure to comply with these requirements may result in the delay of the load being transported until such time as compliance is achieved.**
7. The company shall acknowledge and confirm that all local governments, relevant railroad and utility companies have been contacted regarding this movement, if applicable. Furthermore, a listing of such local governments, railroad and utility companies, points of contact, and telephone numbers shall be provided to the Indiana State Police upon demand.
8. **The company shall have shutdown locations pre-arranged with permission from the specific property owners e.g.: truck stops etc; and provide a copy of this information to the Commercial Vehicle Enforcement Division.**
9. The company agrees to abide by all Special Provisions for SuperLoads provided by INDOT.
10. The company agrees that the Indiana State Police will be solely responsible for determining if safe movement can be effected during inclement weather.
